

2023 Spring Wild Turkey Proclamation

Pursuant to North Dakota law and upon the recommendation of the North Dakota Game and Fish Director, I hereby declare an open season for North Dakota residents for the taking of not to exceed 7,412 bearded wild turkeys. Except as provided hereinafter or otherwise by law, no person shall hunt, kill, take, possess, transport, or so attempt to hunt, kill, take, or possess any wild turkeys.

1. SEASON DATES, TIMES, OPEN AREAS:

SEASON	OPENS	CLOSES	AREAS	RESTRICTIONS
Spring	Apr. 8	May 14	All Open Units	Restricted to spring season dates and unit described on license.

HOURS OF HUNTING: are one-half (½) hour before sunrise to sunset.

2. ELIGIBILITY:

Only North Dakota residents are eligible. Licenses are issued by a weighted lottery drawing among eligible applicants as prescribed by the Director. Individuals who are fifteen years of age or younger on opening day and have never received a spring wild turkey license, and so indicate this on the spring turkey application, will receive a spring turkey license valid for any open unit.

3. LICENSES:

Licenses are issued by a weighted lottery drawing among eligible applicants. Licenses are issued in the form of a tag.

Applications and Fees--Only one application may be submitted for the 2023 spring season, hence a landowner may submit either a gratis or a lottery application, but not both. Applicants must include the appropriate fee with their online application.

After the initial lottery, remaining licenses will be issued as prescribed by the Director, which may allow individuals to obtain one additional license in select units.

Gratis--Gratis licenses are available to North Dakota residents owning or leasing for agricultural purposes and actively farming or ranching, at least 150 acres of land located in an open hunting unit and are valid only upon land described on the application and, subsequently the license.

Gratis licenses are issued only through the Department's Bismarck office and are subtracted from the maximum number of turkey licenses available for each unit.

Other Licenses Required--To hunt wild turkey, all hunters regardless of age must also possess a 2023 fishing, hunting and furbearer certificate and a 2023 general game and habitat license. In addition, hunters 16 years of age and older must possess a 2023 small game license or a combination license before hunting wild turkeys.

4. FIREARMS AND ARCHERY EQUIPMENT:

Firearms--Only shotguns, including muzzleloading shotguns, no larger than 10 gauge and capable of holding not more than three shells in the magazine and chamber are legal. Minimum barrel length is 18 inches. Fully automatic firearms are illegal. Centerfire rifles, rimfire rifles, muzzleloading rifles and handguns are illegal for hunting wild turkeys.

Bows and Arrows--A bow must be pulled, held, and released by hand. Any release aid may be used providing it is hand operated, the shooter supports the draw weight of the bow, and the release is not attached to any part of the bow other than at the bowstring. A compound bow used for hunting turkeys must have at least 35 pounds of draw at 28 inches or less draw length. Recurve and long bows used for hunting turkeys must have at least 35 pounds of draw at 28 inches. Arrows must be at least 24 inches long, tipped with a metal broadhead, with at least two sharp cutting edges, and have a cutting diameter of at least 3/4 inches (i.e., not able to pass through a 3/4 inch ring). It is illegal to hunt turkeys with barbed arrows. Broadheads with mechanical or retractable blades are legal. Telescopic sights, range finding devices, battery-powered or electronically lighted sights or other electronic devices attached to the bow, or the arrow, are not permitted, except a lighted nock, which is permitted. Handheld range finding devices are legal. Arrows capable of causing damage or injury to the animal in excess of that inflicted by the cutting edges of the broadhead, are prohibited while hunting turkeys with a bow (e.g., explosive arrow points, arrows tipped with drugs or chemicals, and pneumatic or hydraulic shafts are illegal.). Crossbows are not legal, except with a permit from the North Dakota Game and Fish Department Director. When permitted, crossbows must: a) have a minimum draw weight of at least 75 pounds, b) be equipped with a working safety to prevent accidental firing, c) use arrows or bolts at least 14 inches in length. Crossbows equipped with pistol grips and designed to be fired with one hand are illegal. Crossbow hunters must comply with all other archery equipment regulations listed above.

The Director may make reasonable accommodations to comply with the Americans with Disabilities Act.

5. AIRCRAFT AND MOTOR-DRIVEN VEHICLES:

Aircraft may not be used to drive, concentrate, rally, raise, stir up, spot, or disturb game.

It is illegal to shoot with bow and arrow or firearm while in or on a motor-driven vehicle.

Unless otherwise authorized under N.D.C.C., it is illegal to carry a firearm in or on a motor-driven vehicle with a shell in the chamber. The entire cylinder of a revolver is considered the chamber, requiring the revolver to be completely unloaded. It is illegal to carry any muzzleloading long gun or muzzleloading pistol in or on a motor-driven vehicle with a percussion cap or primer on the nipple or powder in the flash pan.

A landowner or lessee who actively farms or ranches land and persons having written permission from a landowner or lessee who actively farms or ranches that land may use a motor-driven vehicle on that land other than on an established road or trail to hunt turkeys.

The use of all motor-driven vehicles on wildlife management areas is restricted to those constructed roads, well worn trails, and parking areas normally used by passenger cars.

No person may use motor-driven vehicles on North Dakota Game and Fish Department's Conservation PLOTS (Private Land Open To Sportsmen) property without permission from the landowner. These areas have been entrusted to the public for walking access through written agreements by private landowners. The boundaries of these properties are described in the North Dakota Game and Fish Department's annual Conservation PLOTS Guide and on-site by large yellow triangular signs.

6. BAG LIMIT:

Each license holder may take and possess one bearded or male wild turkey per license.

7. TAGGING REQUIREMENTS:

Immediately after the turkey has been killed, the hunter must indicate the date of kill by cutting out the appropriate month and day from the tag provided with the license and attach it around the leg of the turkey in an exact manner as illustrated on the license document, to prevent its removal. In no case is it legal to possess or transport a turkey unless it is properly tagged. No person may reuse or attempt to reuse any tag issued. The meat tag must remain with the edible flesh during any transportation and until it is processed and packaged as food.

8. TRANSPORTATION:

License holders must accompany their wild turkey during transportation, except that it may be shipped by licensed public carrier in receipt of proper bill of lading.

9. AREAS CLOSED TO HUNTING:

Unless specifically authorized, federal or state properties such as refuges, sanctuaries, military installations, parks, or historic sites posted no trespassing or no hunting are closed to the hunting of turkey.

Exception: Certain National Wildlife Refuges may be open to turkey hunting during the Spring Turkey season. Contact refuge headquarters for details.

It is illegal to hunt in unharvested crops without the owner's consent. Crops also include alfalfa, clover, and other grasses grown for seed.

12. NATIONAL WILD TURKEY FEDERATION:

The 2023 Spring Wild Turkey Proclamation provides the National Wild Turkey Federation with three turkey licenses, valid in any open unit, for the 2023 spring season. These licenses are to be raffled or auctioned as per legislation (N.D.C.C. 20.1-05.1-01 and 20.1-04-07.1). The raffle or auction license proceeds are to be used for wild turkey conservation in North Dakota.

13. OUTDOOR ADVENTURE FOUNDATION:

The 2023 Spring Wild Turkey Proclamation provides the Outdoor Adventure Foundation with four turkey licenses, valid in any open unit, for the 2023 spring season. In accordance with N.D.C.C. 20.1-05.1-01 and 20.1-04-07.1, these four licenses shall be issued to a qualifying youth who has cancer or a life-threatening illness.

14. WANTON WASTE OF A WILD TURKEY:

No person shall kill, cripple, waste, destroy, spoil, or abandon the edible flesh of any wild turkey without making a reasonable effort to retrieve the bird, and retain it in his/her actual custody, at the place where taken and between that place and either (a) his/her personal permanent residence, (b) taxidermist or (c) a common carrier. Edible flesh means the breast meat of any wild turkey.
